

*Brno branches of the*

*Union of Czech Mathematicians and Physicists  
Society for History of Science and Technology*

*And*

*Department of Mathematics of the Faculty of Education of  
Masaryk University in Brno*

would like to invite you to the

## **2<sup>nd</sup> Winter School on History of Mathematics.**

This year's topic is

# **The Phenomenon of Migration in the History of Mathematics in the 20<sup>th</sup> century.**

**Approaches, sources, forms, consequences.**

When: 2nd to 5th February 2012

Where: Hotel Pavla, Vlachovice near Žďár nad Sázavou

WWW: <http://historiematematiky.webnode.cz/>

### **Invited lectures:**

- **Reinhard Siegmund-Schultze** (Universitetet i Agder, Kristiansand)
- **Antonín Kostlán** (Academy of the Sciences of the Czech Republic, Prague)

## Preliminary programme:

- **Thursday:** arrival and informal welcome session (starting around 19:30)
  - **Friday:** short contributions about migrating scientists, followed by a general discussion: what general tendencies can be deduced from individual cases and what is fruitful about this approach
  - **Saturday:** morning: invited talk, afternoon and evening: participants' contributions, discussion of assigned reading
  - **Sunday:** invited talk, discussion about the following year's winter school, closing
- During the break after lunch, those who are interested may go for a walk or cross-country skiing.

Selected contributions will be published in conference proceedings.

The purpose of the meeting is stimulation and cultivation of cross-disciplinary discussion as well as reflection on various approaches to the history of mathematics.

Contributions introducing a discussion and contributions reflecting upon an article or a book are very welcome.

Please inform us about your **intention to participate** by 10th December 2011 at

hdurnova@ped.muni.cz

Due to the informal character of the meeting, **proposals for contributions** will be accepted until 31st January 2012.

Conference fee is CZK 600 or EUR 25, to be paid during the winter school.
